

Recommended test method for assessment of the risk of plasticizer exudation from PVC insulated and sheathed cables

The European Standard EN 50497:2007 has the status of a
British Standard

ICS 29.035.20

National foreword

This British Standard is the UK implementation of EN 50497:2007.

The UK participation in its preparation was entrusted by Technical Committee GEL/20, Electric cables, to Subcommittee GEL/20/17, Low voltage cables.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 31 December 2007
