

BS EN 50578:2013

BSI Standards Publication

Railways applications — Direct current signalling relays

bsi.

...making excellence a habit.™

National foreword

This British Standard is the UK implementation of EN 50578:2013.

The UK participation in its preparation was entrusted to Technical Committee GEL/9/1, Railway Electrotechnical Applications - Signalling and communications.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
