

BSI Standards Publication

# **Railway applications — Fixed installations — Protection principles for AC and DC electric traction systems**

**National foreword**

This British Standard is the UK implementation of EN 50633:2016.

The UK participation in its preparation was entrusted to Technical Committee GEL/9/3, Railway Electrotechnical Applications - Fixed Equipment.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
