

BSI Standards Publication

Medical electrical equipment - Particular requirements for the basic safety and essential performance of medical beds for children

National foreword

This British Standard is the UK implementation of EN 50637:2017.

The UK participation in its preparation was entrusted to Technical Committee CH/62/4, Electromedical equipment.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
