

Structural timber — Grading — Requirements for visual strength grading standards

The European Standard EN 518:1995 has the status of a
British Standard

Committees responsible for this British Standard

The preparation of this British Standard was entrusted by Technical Committee B/518, Structural timber, to Subcommittee B/518/2, Solid timber, upon which the following bodies were represented:

- British Timber Merchants' Association
- British Woodworking Federation
- Council of the Forest Industries of British Columbia
- Department of the Environment (Building Research Establishment)
- Forestry Commission
- Institute of Building Control
- Institution of Civil Engineers
- National House-Building Council
- Nordic Timber Council (UK)
- Southern Pine Marketing Council
- Timber Research and Development Association
- Timber Trade Federation
- Trussed Rafter and Fabricators' Association
- UK Softwood Sawmillers' Association

This British Standard, having been prepared under the direction of the Sector Board for Building and Civil Engineering, was published under the authority of the Standards Board and comes into effect on 15 October 1995
