

Aluminium and aluminium alloys — Master alloys produced by melting — Specifications

The European Standard EN 575:1995 has the status of a
British Standard

ICS 77.120.10

Committees responsible for this British Standard

The preparation of this British Standard was entrusted to Technical Committee NFE/35, Light metals and their alloys, upon which the following bodies were represented:

- Aluminium Federation
- Aluminium Stockholders' Association
- Association of Light Alloy Refiners
- British Foundry Association
- London Metal Exchange
- Magnesium Industry Council
- Ministry of Defence

The following bodies were also represented in the drafting of the standard, through subcommittees and panels:

- British Investment Casting Trade Association
- Light Metal Founders' Association
- Society of Motor Manufacturers and Traders Limited
- Co-opted Members

This British Standard, having been prepared under the direction of the Engineering Sector Board, was published under the authority of the Standards Board and comes into effect on 15 April 1996
