

Environmental testing —

Part 2-42: Tests — Test Kc: Sulphur dioxide test for contacts and connections

The European Standard EN 60068-2-42:2003 has the status of a
British Standard

ICS 31.220.10

National foreword

This British Standard is the official English language version of EN 60068-2-42:2003. It is identical with IEC 60068-2-42:2003. It supersedes BS 2011-2.1Kc:1991 which is withdrawn.

The UK participation in its preparation was entrusted by Technical Committee EPL/48, Electromechanical components and mechanical structures for electronic equipment, to Subcommittee EPL/48/2, Connectors, which has the responsibility to:

- aid enquirers to understand the text;
- present to the responsible international/European committee any enquiries on the interpretation, or proposals for change, and keep the UK interests informed;
- monitor related international and European developments and promulgate them in the UK.

A list of organizations represented on this subcommittee can be obtained on request to its secretary.

Cross-references

The British Standards which implement international or European publications referred to in this document may be found in the *BSI Catalogue* under the section entitled “International Standards Correspondence Index”, or by using the “Search” facility of the *BSI Electronic Catalogue* or of British Standards Online.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 24 September 2003
