

# Insulating liquids — Determination of the breakdown voltage at power frequency — Test method

The European Standard EN 60156:1995 has the status of a  
British Standard

ICS 29.040.20

# Committees responsible for this British Standard

The preparation of this British Standard was entrusted to Technical Committee GEL/10, Fluids for electrotechnical applications, upon which the following bodies were represented:

- British Cable Makers' Confederation
- British Lubricants Federation Limited
- Chemical Industries Association
- Electricity Association
- Health and Safety Executive
- Institute of Petroleum
- Institution of Electrical Engineers
- London Regional Transport
- National Association of Waste Disposal Contractors
- Transmission and Distribution Association (BEAMA Limited)

This British Standard, having been prepared under the direction of the Electrotechnical Sector Board, was published under the authority of the Standards Board and comes into effect on 15 April 1996
