Electric strength of insulating materials — Test methods

Part 2: Additional requirements for tests using direct voltage

National foreword

This British Standard is the UK implementation of EN 60243-2:2014. It is identical to IEC 60243-2:2013. It supersedes BS EN 60243-2:2001 which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee GEL/112, Evaluation and qualification of electrical insulating materials and systems.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
