

Lead-acid traction batteries —

Part 1: General requirements and methods of test

The European Standard EN 60254-1:2005 has the status of a
British Standard

ICS 29.220.20

National foreword

This British Standard is the UK implementation of EN 60254-1:2005. It is identical with IEC 60254-1:2005. It supersedes BS EN 60254-1:1997 which will be withdrawn on 1 May 2008, and BS 7483:1991 which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee PEL/21, Secondary cells and batteries.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 13 October 2005
