

BSI Standards Publication

Railway applications - Traction transformers and inductors on board rolling Stock (IEC 60310:2016)

National foreword

This British Standard is the UK implementation of EN 60310:2016, incorporating corrigendum February 2018. It is identical to IEC 60310:2016.

The UK participation in its preparation was entrusted to Technical Committee GEL/9, Railway Electrotechnical Applications.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
