

Methods of measurement on radio receivers for various classes of emission —

Part 3: Receivers for amplitude-modulated sound-broadcasting emissions

The European Standard EN 60315-3:1999, with the incorporation of amendment A1:1999, has the status of a British Standard.

ICS 33.160.20

Committees responsible for this British Standard

The preparation of this British Standard was entrusted by Technical Committee EPL/100, Audio, video and multimedia systems and equipment, to Subcommittee EPL/100/1, Radio receivers, upon which the following bodies were represented:

- British Broadcasting Corporation
- British Educational Equipment Association
- British Radio and Electronic Equipment Manufacturers' Association
- British Telecommunications plc
- Consumers' Association
- Institution of Electrical Engineers
- Radio, Electrical and Television Retailers' Association
- Radiocommunications Agency

This British Standard, having been prepared under the direction of the Electrotechnical Sector Board, was published under the authority of the Standards Board and comes into effect on 15 August 1996
