**Aerospace series — Carbon
fibre reinforced plastics —
Test method — Determination
of interlaminar fracture
toughness energy — Mode I —
GIC**

National foreword

This British Standard is the UK implementation of EN 6033:2015.

The UK participation in its preparation was entrusted to Technical Committee ACE/65, Non-metallic materials for aerospace purposes.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
