

Medical electrical equipment —

Part 1: General requirements for safety — Collateral standard — Safety requirements for medical electrical systems

The European Standard EN 60601-1-1:2001 has the status of a
British Standard

ICS 11.040.01

National foreword

This British Standard is the official English language version of EN 60601-1-1:2001. It is identical with IEC 60601-1-1:2001. It supersedes BS EN 60601-1-1:1993 which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee CH/64, Safety (IEC 60601-1), which has the responsibility to:

- aid enquirers to understand the text;
- present to the responsible international/European committee any enquiries on the interpretation, or proposals for change, and keep the UK interests informed;
- monitor related international and European developments and promulgate them in the UK.

A list of organizations represented on this committee can be obtained on request to its secretary.

Cross-references

Attention is drawn to the fact that CEN and CENELEC Standards normally include an annex which lists normative references to international publications with their corresponding European publications. The British Standards which implement these international or European publications may be found in the BSI Standards Catalogue under the section entitled “International Standards Correspondence Index”, or by using the “Find” facility of the BSI Standards Electronic Catalogue.

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

This British Standard, having been prepared under the direction of the Health and Environment Sector Committee, was published under the authority of the Standards Committee and comes into effect on 15 July 2001

Summary of pages

This document comprises a front cover, an inside front cover, the EN title page, pages 2 to 30, an inside back cover and a back cover.
