

Medical electrical equipment —

Part 2: Particular requirements for safety —

Section 2.9 Specification for patient contact dosimeters used in radiotherapy with electrically connected radiation detectors

The European Standard EN 60601-2-9:1996, including Corrigendum
December 1996, has the status of a British Standard

ICS 11.040.50; 17.240

Committees responsible for this British Standard

The preparation of this British Standard was entrusted to Technical Committee CH/83, Dosimeters (Medical), upon which the following bodies were represented:

- British Measurement and Testing Association
- College of Radiographers
- Department of Health
- Institute of Physics and Engineering in Medicine and Biology
- National Physical Laboratory
- Royal College of Radiologists

This British Standard, having been prepared under the direction of the Health and Environment Sector Board, was published under the authority of the Standards Board and comes into effect on 15 June 1997
