

Nuclear power plants — Instrumentation and control systems important to safety — Surveillance testing

ICS 27.120.20

National foreword

This British Standard is the UK implementation of EN 60671:2011. It supersedes BS IEC 60671:2007 which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee NCE/8, Reactor instrumentation.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 29 June 2007
