National foreword

This British Standard is the official English language version of EN 60747-5-1:2001, including amendments A1:2002 and A2:2002, published by the European Committee for Electrotechnical Standardization (CENELEC). It is identical with IEC 60747-5-1:1997, including amendments 1:2001 and 2:2002, published by the International Electrotechnical Commission (IEC).

The start and finish of text introduced or altered by amendment is indicated in the text by tags **A1** **A1**. Tags indicating changes to IEC text carry the number of the IEC amendment. For example, text altered by IEC amendment 1 is indicated by **A1** **A1**.

From 1 January 1997, all IEC publications have the number 60000 added to the old number. For instance, IEC 27-1 has been renumbered as IEC 60027-1. For a period of time during the change over from one numbering system to the other, publications may contain identifiers from both systems.
