Optical fibre cables —

Part 3-60: Outdoor cables — Family specification for drinking water pipe cables and subducts for installation by blowing and/or pulling/dragging/floating in drinking water pipes

NO COPYING WITHOUT BSI PERMISSION EXCEPT AS PERMITTED BY COPYRIGHT LAW

National foreword

This British Standard is the UK implementation of EN 60794-3-60:2008. It is identical to IEC 60794-3-60:2008.

The UK participation in its preparation was entrusted by Technical Committee GEL/86, Fibre optics, to Subcommittee GEL/86/1, Optical fibres and cables.

A list of organizations represented on this committee can be obtained on request to its secretary.

The UK national committee will be requesting an early revision of this standard because it contains clauses that remain under consideration; the UK committee does not consider this edition to have adequate guidance for the user.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
