Modular order for the development of mechanical structures for electronic equipment practices

Part 2-4: Sectional specification — Interface coordination dimensions for the 25 mm equipment practice — Adaptation dimensions for subracks or chassis applicable in cabinets or racks in accordance with IEC 60297-3-100 (19 in)

National foreword

This British Standard is the UK implementation of EN 60917-2-4:2010. It is identical to IEC 60917-2-4:2010.

The UK participation in its preparation was entrusted to Technical Committee EPL/48, Electromechanical components and mechanical structures for electronic equipment.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
