

Complete filter units for radio interference suppression —

**Part 2-2: Blank detail specification —
Passive filter units for electromagnetic
interference suppression — Filters for
which safety tests are required
(safety tests only)**

The European Standard EN 60939-2-2:2004 has the status of a
British Standard

ICS 31.190; 33.160

National foreword

This British Standard is the official English language version of EN 60939-2-2:2004. It is identical with IEC 60939-2-2:2004. It supersedes BS EN 133221:1998 which will be withdrawn on 2007-11-01.

The UK participation in its preparation was entrusted to Technical Committee EPL/40X, Capacitors and resistors for electronic equipment, which has the responsibility to:

- aid enquirers to understand the text;
- present to the responsible international/European committee any enquiries on the interpretation, or proposals for change, and keep the UK interests informed;
- monitor related international and European developments and promulgate them in the UK.

A list of organizations represented on this committee can be obtained on request to its secretary.

Cross-references

The British Standards which implement international or European publications referred to in this document may be found in the *BSI Catalogue* under the section entitled “International Standards Correspondence Index”, or by using the “Search” facility of the *BSI Electronic Catalogue* or of British Standards Online.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

Summary of pages
