

Connecting devices for low-voltage circuits for household and similar purposes —

Part 2-3: Particular requirements for connecting devices as separate entities with insulation-piercing clamping units

The European Standard EN 60998-2-3:2004 has the status of a
British Standard

ICS 29.120.20

National foreword

This British Standard was published by BSI. It is the UK implementation of EN 60998-2-3:2004, incorporating corrigendum November 2006. It was derived by CENELEC from IEC 60998-2-3:2002. It supersedes BS EN 60998-2-3:1994 which is withdrawn.

The CENELEC common modifications have been implemented at the appropriate places in the text and are indicated by tags (e.g. [C] [C]).

The UK participation in its preparation was entrusted by Technical Committee PEL/23, Electrical accessories, to Subcommittee PEL/23/2, Connecting devices.

A list of organizations represented on PEL/23/2 can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

Amendments issued since publication

Amd. No.	Date	Comments
16841 Corrigendum No. 1	31 January 2007	Change to 10.107.2

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 4 June 2004
