

BS EN 61029-2-8:2010

BSI Standards Publication

Safety of transportable motor-operated electric tools

Part 2-8: Particular requirements for single spindle
vertical moulders

bsi.

...making excellence a habit.™

National foreword

This British Standard is the UK implementation of EN 61029-2-8:2010. It was derived by CENELEC from IEC 61029-2-8:1995, incorporating amendments 1:1999 and 2:2001. It supersedes BS EN 61029-2-8:2003, which will be withdrawn on 1 June 2010.

The CENELEC common modifications have been implemented at the appropriate places in the text and are indicated by tags (e.g. [C] [C]).

The start and finish of text introduced or altered by amendment is indicated in the text by tags. Tags indicating changes to IEC text carry the number of the IEC amendment. For example, text altered by IEC amendment 1 is indicated by [A1] [A1].

The UK participation in its preparation was entrusted to Technical Committee CPL/116, Portable motor-operated tools.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
