Industrial-process measurement, control and automation — Evaluation of system properties for the purpose of system assessment

Part 4: Assessment of system performance

National foreword

This British Standard is the UK implementation of EN 61069-4:2016. It is identical to IEC 61069-4:2016. It supersedes BS EN 61069-4:1998 which is withdrawn.

The UK participation in its preparation was entrusted by Technical Committee GEL/65, Measurement and control, to Subcommittee GEL/65/1, System considerations.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
