

BS EN 61083-2:2013

BSI Standards Publication

Instruments and software used for measurement in high-voltage and high-current tests

Part 2: Requirements for software for tests
with impulse voltages and currents

bsi.

...making excellence a habit.™

National foreword

This British Standard is the UK implementation of EN 61083-2:2013. It is identical to IEC 61083-2:2013. It supersedes BS EN 61083-2:1997 which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee PEL/42, Testing techniques for high voltages and currents.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
