

BSI Standards Publication

**Aerospace series — Ethylene-propylene
elastomer (EPM/EPDM) — Hardness 80 IRHD
for static seal elements in hydraulic systems for
long-term application — Material standard**

National foreword

This British Standard is the UK implementation of [EN 6111:2020](#).

The UK participation in its preparation was entrusted to Technical Committee ACE/69, Aerospace hydraulic systems, fluids and components.

A list of organizations represented on this committee can be obtained on request to its committee manager.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
