National foreword

This British Standard is the UK implementation of EN 61158-3-16:2008. It is identical to IEC 61158-3-16:2007. Together with all of the other sections of BS EN 61158-3, it supersedes BS EN 61158-3:2004, which is withdrawn. Together with BS EN 61158-2, BS EN 61158-4-16, BS EN 61158-5-16 and BS EN 61158-6-16, it partially supersedes BS EN 61491:1999, which will be withdrawn upon publication of a revised edition currently in progress and which will be implemented as a Technical Report.

The UK participation in its preparation was entrusted to Technical Committee AMT/7, Industrial communications: process measurement and control, including fieldbus.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
