British Standards

National foreword

This British Standard is the UK implementation of EN 61158-5-17:2008. It is identical with IEC 61158-5-17:2007. Together with all of the other sections of BS EN 61158-5, it supersedes BS EN 61158-5:2004 which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee AMT/7, *Industrial communications - Process measurement and control, including Fieldbus*

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 31 January 2009.
