

BSI Standards Publication

Test methods for electrical materials, printed boards and other interconnection structures and assemblies

Part 11: Measurement of melting temperature
or melting temperature ranges of solder alloys

National foreword

This British Standard is the UK implementation of EN 61189-11:2013. It is identical to IEC 61189-11:2013.

The UK participation in its preparation was entrusted to Technical Committee EPL/501, Electronic assembly technology & Printed Electronics.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
