

Insulating materials — Industrial rigid round laminated tubes and rods based on thermosetting resins for electrical purposes —

**Part 1: Definitions, designations and
general requirements**

ICS 29.035.01

National foreword

This British Standard is the UK implementation of EN 61212-1:2006. It is identical with IEC 61212-1:2006, incorporating corrigendum March 2014. It supersedes BS EN 61212-1:1996 which is withdrawn.

The UK participation in its preparation was entrusted by Technical Committee GEL/15, Solid electrical insulating materials, to Subcommittee GEL/15/6, Rigid fibrous reinforced laminates for electrical purposes.

A list of organizations represented on this subcommittee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 30 June 2006
