

BS EN 61226:2010

BSI Standards Publication

**Nuclear power plants –
Instrumentation and control
important to safety –
Classification of instrumentation
and control functions**

National foreword

This British Standard is the UK implementation of EN 61226:2010. It is identical to IEC 61226:2009. It supersedes BS IEC 61226:2009 which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee NCE/8, Reactor instrumentation.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
