

BS EN 61249-2-36:2009

BSI Standards Publication

Materials for printed boards and other interconnecting structures —

Part 2-36: Reinforced base materials, clad and unclad — Epoxide woven E-glass laminate sheets of defined flammability (vertical burning test), copper-clad for lead-free assembly

National foreword

This British Standard is the UK implementation of EN 61249-2-36:2009. It is identical to IEC 61249-2-36:2008.

The UK participation in its preparation was entrusted to Technical Committee EPL/501, Electronic assembly technology.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
