Fibre optic communication subsystem test procedures

Part 2-12: Digital systems — Measuring
eye diagrams and Q-factor using a software
triggering technique for transmission signal
quality assessment

National foreword

This British Standard is the UK implementation of EN 61280-2-12:2014. It is identical to IEC 61280-2-12:2014.

The UK participation in its preparation was entrusted by Technical Committee GEL/86, Fibre optics, to Subcommittee GEL/86/3, Fibre optic systems and active devices.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
