

Lamp controlgear —

Part 2-5: Particular requirements for d.c. supplied electronic ballasts for public transport lighting

ICS 29.140.99

National foreword

This British Standard is the UK implementation of EN 61347-2-5:2001, including Corrigenda July 2003 and December 2010. It is identical with IEC 61347-2-5:2000. Together with BS EN 61347-1, -2-4, -2-6, and -2-7:2001 it supersedes Section Four of BS EN 60924:1991+A1:1994 which will be withdrawn on 1 December 2006.

The UK participation in its preparation was entrusted by Technical Committee CPL/34, Lamps and related equipment, to Subcommittee CPL/34/3, Auxiliaries for lamps.

A list of organizations represented on this subcommittee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

Amendments/corrigenda issued since publication

This British Standard, having been prepared under the direction of the Electrotechnical Sector Committee, was published under the authority of the Standards Committee and comes into effect on 15 May 2001
