

BSI Standards Publication

Composite string insulator units for overhead lines with a nominal voltage greater than 1 000 V

Part 1: Standard strength classes and end fittings

National foreword

This British Standard is the UK implementation of EN 61466-1:2016. It is identical to IEC 61466-1:2016. It supersedes BS EN 61466-1:1997 which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee PEL/36, Insulators for power systems.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
