

**Insulators for overhead lines —
Insulator strings and sets for
lines with a nominal voltage
greater than 1 000 V – AC
power arc tests**

National foreword

This British Standard is the UK implementation of EN 61467:2008. It is identical to IEC 61467:2008. It supersedes BS IEC 61467:1997 which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee PEL/36, Insulators for power systems.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
