

Safety of power transformers, power supplies, reactors and similar products —

Part 2-2: Particular requirements and tests for control transformers and power supplies incorporating control transformers

The European Standard EN 61558-2-2:2007 has the status of a
British Standard

ICS 29.180

National foreword

This British Standard was published by BSI. It is the UK implementation of EN 61558-2-2:2007. It is identical with IEC 61558-2-2:2007. It supersedes BS EN 61558-2-2:1998 which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee PEL/96, Small transformers.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 31 May 2007
