

Superconductivity —

Part 10: Critical temperature measurement — Critical temperature of composite superconductors by a resistance method

The European Standard EN 61788-10:2006 has the status of a
British Standard

ICS 29.050

National foreword

This British Standard was published by BSI. It is the UK implementation of EN 61788-10:2006. It is identical with IEC 61788-10:2006. It supersedes BS EN 61788-10:2002 which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee L/-/90, Superconductivity.

A list of organizations represented on L/-/90 can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 30 November 2006
