Superconductivity -

Part 14: Superconducting power devices
— General requirements for characteristic
tests of current leads designed for powering
superconducting devices

National foreword

This British Standard is the UK implementation of EN 61788-14:2010. It is identical to IEC 61788-14:2010.

The UK participation in its preparation was entrusted to Technical Committee L/-/90, Super Conductivity

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
