Superconductivity

Part 5: Matrix to superconductor volume ratio measurement — Copper to superconductor volume ratio of Cu/Nb-Ti composite superconducting wires

National foreword

This British Standard is the UK implementation of EN 61788-5:2013. It is identical to IEC 61788-5:2013. It supersedes BS EN 61788-5:2001 which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee L/-/90, Super Conductivity.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
