

Installed monitors for the control and detection of gamma radiations contained in recyclable or non-recyclable materials transported by vehicles

The European Standard EN 62022:2007 has the status of a
British Standard

ICS 13.280

National foreword

This British Standard is the UK implementation of EN 62022:2007. It was derived by CENELEC from IEC 62022:2004.

The CENELEC common modifications have been implemented at the appropriate places in the text and are indicated by tags **[C]** **[C]**.

The UK participation in its preparation was entrusted to Technical Committee NCE/2, Radiation protection and measurement.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 31 August 2007
