

# Industrial electroheating installations — Test methods for induction channel and induction crucible furnaces

The European Standard EN 62076:2006 has the status of a  
British Standard

ICS 25.180.10

## National foreword

This British Standard was published by BSI. It is the UK implementation of EN 62076:2006. It is identical with IEC 62076:2006. It supersedes BS 7690:1993 and BS EN 60646:1999, which are withdrawn.

The UK participation in its preparation was entrusted to Technical Committee PEL/27, Electroheating.

A list of organizations represented on PEL/27 can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

**Compliance with a British Standard cannot confer immunity from legal obligations.**

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 29 December 2006
