

Methods of measurement for radio transmitters —

Part 1: Performance characteristics of terrestrial digital television transmitters

The European Standard EN 62273-1:2007 has the status of a
British Standard

ICS 33.060.20

National foreword

This British Standard was published by BSI. It is the UK implementation of EN 62273-1:2007. It is identical with IEC 62273-1:2007.

The UK participation in its preparation was entrusted to Technical Committee EPL/103, Transmitting equipment for radio communication.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 31 May 2007
