

BSI Standards Publication

Maritime navigation and radiocommunication equipment and systems — Automatic identification system (AIS)

Part 3: Repeater stations — Minimum
operational and performance requirements —
Methods of test and required test results

National foreword

This British Standard is the UK implementation of EN 62320-3:2015. It is identical to IEC 62320-3:2015.

The UK participation in its preparation was entrusted to Technical Committee EPL/80, Maritime navigation and radiocommunication equipment and systems.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
