Power systems management and associated information exchange - Data and communications security

Part 7: Network and System Management (NSM) data object models

National foreword

This British Standard is the UK implementation of EN 62351-7:2017. It is identical to IEC 62351-7:2017. It supersedes DD IEC/TS 62351-7:2010, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee PEL/57, Power systems management and associated information exchange.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
