Power systems management and associated information exchange — Interoperability in the long term

Part 100: CIM profiles to XML schema mapping

National foreword

This British Standard is the UK implementation of EN 62361-100:2016. It is identical to IEC 62361-100:2016.

The UK participation in its preparation was entrusted to Technical Committee PEL/57, Power systems management and associated information exchange.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
