National foreword

This British Standard is the UK implementation of EN 62369-1:2009. It is identical to IEC 62369-1:2008. It supersedes BS EN 50357:2001, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee GEL/106, Human exposure to low frequency and high frequency electromagnetic radiation.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
