

BS EN 62428:2008

BSI Standards Publication

Electric power engineering — Modal components in three-phase a.c. systems — Quantities and transformations

bsi.

...making excellence a habit.™

National foreword

This British Standard is the UK implementation of EN 62428:2008. It is identical to IEC 62428:2008.

The UK participation in its preparation was entrusted to Technical Committee SS/7, General metrology, quantities, units and symbols.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
