Lightning protection system components (LPSC)

Part 1: Requirements for connection components

National foreword

This British Standard is the UK implementation of EN 62561-1:2017. It supersedes BS EN 62561-1:2012, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee GEL/81, Protection against lightning.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
