

BSI Standards Publication

**Particular safety requirements for equipment to  
be connected to information and communication  
technology networks (IEC 62949:2017)**

---

## National foreword

This British Standard is the UK implementation of EN 62949:2017. It is identical to IEC 62949:2017. It supersedes BS EN 41003:2009 which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee EPL/108, Safety of electronic equipment within the field of audio/video, information technology and communication technology.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
