

CONFIRMED
DECEMBER 2007

Resilient floor coverings — Determination of seam strength

The European Standard EN 684 : 1995 has the status of a
British Standard

ICS 91.180

Committees responsible for this British Standard

The preparation of this British Standard was entrusted to Technical Committee PRI/60, Resilient floor coverings, upon which the following bodies were represented:

- British Adhesives and Sealants Association
- British Railways Board
- British Resilient Flooring Manufacturers' Association
- British Rubber Manufacturers' Association Ltd.
- Consumer Policy Committee of BSI
- Contract Flooring Association
- Cork Industry Federation
- Department of the Environment (British Board of Agreement)
- Department of the Environment (Building Research Establishment)
- Institute of Chartered Arbitrators
- Royal Institute of British Architects
- Wood Panel Products Federation

This British Standard, having been prepared under the direction of the Sector Board for Materials and Chemicals, was published under the authority of the Standards Board and comes into effect on 15 May 1996
